## EDUCATION

---

### • Manipal Institute of Technology

Karnataka, India

*B.tech in Chemical Engineering, CGPA: 6.76*

*July. 2017 – June. 2021*

- Took elective courses on: Energy Engineering, Project Engineering, Bio-Mechanics, Applied Graph Theory, Oil and Gas Reservoir Engineering, Petroleum Refinery Engineering, Natural Gas Engineering, Petrochemicals.
- (Thesis title): Enhancing Technology Acceptance through User Experience Evaluation: Comparative Analysis of Banking Website versus Mobile Application.

### • National Public School

Assam, India

*Senior Secondary School, Percentage: 78.4*

*July. 2014 – May. 2016*

## INTERNSHIP

---

### • TOPCEM Cements

Assam, India

*Production and Quality Control*

*May 2019 - July 2019*

- Inspected and tested materials, equipment, processes, and products to ensure the quality specifications of Bureau of Indian Standards (BIS) are met.
- Ensured that workflows, processes, and products comply with safety regulations.
- Reduced problems and maximized the performance of the company by taking corrective actions as soon as problems arise.
- Monitored the proper unloading of materials to ensure that nothing is wasted.
- Performed an independent study on the cement grinding and milling unit during the course of the internship.

**Technologies:** ASPEN Plus and Batch.

*Issued September 2021*

[Start the UX Design Process: Build Wireframes and Low-Fidelity Prototypes - ID: YG2MGULHTY4Y](#)

*Issued September 2021*

[Conduct UX Research and Test Early Concepts - ID: KTP4WKY7GGE2](#)

*Issued December 2021*

## PROJECTS

---

### • Enhancing Technology Acceptance through User Experience Evaluation

Karnataka, India

*Research*

*February 2021 - September 2021*

- Performed a comparative Analysis of Banking Website versus Mobile Application in relation to the modified user experience TAM (UX-TAM).
- Defined the contextual dimensions and sub-dimensions relevant for the assessment of UX-TAM.
- Developed the Conceptual Model and Hypothesis.
- Collected data for pilot test and main test via survey.
- Analysed the structural equation model using SmartPLS software.

- **Recent advancements and challenges in Perovskite Materials for Solar Cells**

Karnataka, India

September 2020 -January 2021

*Literature Review*

- Performed a comprehensive study on perovskites in solar cell application
- Reviewed papers on the operational mechanism of ion migration for the fabrication of perovskite solar cells (PSCs) with improved stability.
- Reviewed literature to find environment friendly Sn, Ge, Bi-based perovskites alternatives for toxic Pb-based perovskites.
- Studied the benefits of 2D/3D dual layered perovskites.
- Derived prospects on the future of perovskites when it comes to application in solar cells.

## PERSONAL PUBLICATIONS

---

- Research menu script:Enhancing Technology Acceptance through User Experience Evaluation Comparative Analysis of Banking Website versus Mobile Application (User experience, TAM) -Work in Progress to be published by menu script central in 2022. Software: SmartPLS 3. (September 2021)

## SKILLS SUMMARY

---

- **Languages:** HTML5, CSS3, C++.
- **Software:** Auto CAD, ASPEN, Adobe Illustrator, Adobe XD, MATLAB, Sketchbook, SmartPLS 3
- **Tools:** Balsamiq, Figma, Miro
- **Framework:** Flexbox, Bootstrap
- **Soft skills:** Leadership, Event Management, Public Speaking, Time Management, Writing.

## VOLUNTEER EXPERIENCE

---

- **Sahayog,India**

Remote

*Logo Designer*

October 2021 - December 2021

- Conceptualized and designed visually compelling digital logo representing the organization.
- Worked with the design coordinator and supervisor of editorial teams.
- Elevated the logo design aesthetic.

**Technologies:** Adobe Illustrator,Sketchbook Pro.

**Certificate:** [ID 7334](#)

## EXTRACURRICULAR ACTIVITIES

---

- **Printing and Publicity Club,Manipal Institue of Technology**

Manipal

*Organizer in Reveles'19 (National Cultural and Sports Festival)*

January 2019 - March 2019

- Lead a team to create life size 3D props models from recycled items.
- Developed project ideas which is in tune with the theme for the event.
- Managed close to 40 volunteers on everyday basis during the fest preparations.

- **Printing and Publicity Club,Manipal Institue of Technology**

Manipal

*Organizer in TechTatva'18 (National Technical Festival)*

August 2018 - October 2018

- In charge of the Logistics Department and managed inventory.
- Created life size 3D props for the festival.
- Managed close to 15 volunteers on everyday basis during the fest preparations.
